9:00 - Webinar Start!

**Mikael
Lagström**

TRUESEC

9:00 - 9:30 Cyber Security Insights

Mikael Lagström, Cybersecurity expert and General manager at Truesec. Mikael has more than 25 years of experience from IT, Telecom and Cybersecurity on management level, successfully building up global security services organizations. Mikael has a true passion for Cybersecurity, making others more secure and aware (and sometimes scared) by making a difference whenever and however he can. He can often be seen on stage presenting or hosting Cyber security events. Mikael will present a general view on the cyber security landscape today. SECMAR Speaker.

**Vytautas
Paulauskas**

9:30 - 9:40 DRIP scores of South Baltic small and medium-sized ports

Vytautas Paulauskas is involved in exploring the maritime sector since 1979. He had numerous opportunities to get in-depth knowledge working as a Captain on cargo, tankers and reefer ships, Director of Waterborne Transport Department in Lithuania Transport Ministry, Head of Shipping Department in Klaipeda University. His knowledge in the field is confirmed by more than 250 publications and more than 100 scientific projects in the maritime sector in topics as: logistics, intermodal transport, shipping, shipping and navigation safety, port management, LNG terminals.

**David
Appelberg**

SECMAR

9:40 - 9:50 SECMAR project

David Appelberg experienced marketing and sales specialist with a demonstrated history of working in the computer software, telecom and games industry. Project Manager, Lead Partner & Business Development at Blue Science Park Karlskrona.

**Richard
Morton**

9:50 - 10:20 Port Community Systems and Port Resilience during COVID-19

Richard spent his early career working in European road, sea and air freight operations. In 2011 Richard was appointed as Secretary General of the European Port Community Systems Association EPCSA which in 2014 became International, IPCSA. In his role as Secretary General Richard works to support international organisations on Trade Facilitation including the UN, WCO, WTO, the European Commission, and the IMO. He is also an expert for UNCEFACT and has been appointed for a second time to the APEC eCommerce Business Alliance Expert Council. Richard also supports organisations around the world in how to develop community systems and single windows, drawing on the global experience and knowledge of IPCSA. Connect2SmallPorts Speaker.

**Lawrence
Henesey**
